ABOUT

Since 2010, North City Basketball has provided players in King, Snohomish and Skagit County with quality training and competitive AAU teams. We are focused on improving each player through skills training, an innovative strength/conditioning program and competing against the top AAU teams for both in-state and out of state tournaments.

In 2017, we had 16 teams (4th grade through HS) and 240+ total players take part in AAU competition and/or training. We are expecting to have teams from 4th grade through HS again this year.
